DEMAND VS. SUPPLY

The Skill Gap Matrix

HOT CAKES

High demand, strong supply — healthy alignment.

MARKET GAPS

Cybersecurity & AI/ML — employer hiring intent significantly outpaces academy training supply.

DORMANT

Low demand, low supply — limited near-term priority.

OVERSUPPLIED

Training output exceeds employer demand.

STRATEGIC PATHWAYS

Recommendations for Afriment

01

Curriculum Pivot

Focus on high-yield Market Gaps — Cybersecurity and AI/ML — where demand outpaces supply.

02

Grant Execution

Prioritize the 8 strong-fit foundation applications closing between October and November 2026.

03

Product Upgrade

Implement a transparent, self-serve employer project-matching portal to eliminate market friction.
