reviewed platforms make their learner talent pool searchable or visible to employers — despite 9 maintaining an internal pool.

DELIVERY CHANNEL REALITY

Self-serve candidate discovery is non-existent.

Competitors universally gate access behind manual intake forms or sales consultations — there is no searchable, self-serve candidate database anywhere in the market.

Q3 Engagement Inversion & Format Mechanics

VOLUME ≠ RESPONSE

Carousels deliver a 35.5% CTR versus just 6.3% for single images — the content mix must pivot toward proof-led carousels and insider narratives.
